ALEXANDRIA CHRISTIAN ASSOCIATION. -The Alexandria Christian Association is now, we are happy to state, in a flourishing and prosperous condition and its beneficial effects are apparent in many quarters of the city. The attandence at its daily prayer meetings held in the rooms of the association is gradually increasing, and Sundays, when the meetings are held in the different churches, the sight of the numbers who are present is exceedingly gratifying to all who are interested in the progress of religion. A called meeting of at 40a45c. Eggs in request at 25c. the association will be held to night in their rooms at half past seven o'clock.

CORN HUSKING. - In "other days," about, or a little after this time of the year, the songs of the colored people, on the farms adjacent to town, engaged in the annual corn husking, could be heard in the quiet of the night, all over town. They would assemble, have a frolic, and husk the piles of corn on each farm in a night. All this is gone! We notice, and this has called this matter to mind, that an old fashioned corn husking took place near Richmond a few nights ago.

W. & A. R. R. - James S. French, President of the Washington and Alexandria Railroad, this morning petitioned Judge Underwood, of the U. S. Circuit Court, to revoke his order of the 22nd of August, 1868, in the case of the Adams' Express Company vs. William H. Marbury et als., appointing O. A. Stevens and W. J. Phelps Receivers of the Court. The Judge will hear the motion on Monday, the 12th instant, in chambers.

DESTITUTION .-- Capt. Haney, an old man living on Potomac strand, in rear of Water st., died a day or two ago in very destitute circumstances His death bed was the floor, and his only covering an almost worn out blanket. There was no furniture, not even a chair, in the room .-His family consisted of two daughters-one grown and one about ten years old. "A philanthropic gentleman of the city has secured the latter a comfortable home.

THE CASE of Mr. Snyder, tried in court yesterday, attracted considerable attention. The difficulty arose from the removal of certain goods to Baltimore which had been seized by the sheriff under an attachment. The case was conducted for the prosecution by the Commonwealth's Attorney, and for the defence by D. L. Smoot, esq. Mr. Snyder was acquitted.

LITERARY SOCIETY. - We are pleased to learn that there will be a meeting of the young men of this city to-night at 8 o'clock, in the room over Hall's gallery on King street, adjoining E. J. Miller's china store, for the purpose of organizing a literary society. We cordially endorse the object of the meeting, and hope thar it may be numerously attended.

PUBLIC LECTURE.—Col. Proctor R. Smith is announced to deliver a lecture to-morrow evening, at the Assembly Rooms, on Central America. The Colonel has been an extensive traveller, and his lecture is spoken of very highly. The proceeds of the evening's entertainment will be appropriated to the benefit of the Alexandria Orphan Asylum.

LIME THIEFT. - A colored man, named Fred. Loudoun was arrested this morning by officer Webster, charged with stealing a barrel of lime from the residence of Capt. P. B. Hooe, corner of Prince and Washington streets, last night. Capt. Hooe discovered the thief in the act, and made him drop his plunder.

NEW POSTOFFICE. - A new office is established at Marshall Hall. Charles county, Md., between Alexandria and Glymont, and James Little appointed postmaster. The office, not being on a regular route, will receive special steamer Arrow.

POLICE REPORT—MAYOR'S OFFICE.—Roseanna Harper, on complaint of Richard Burke, for disorderly conduct, was dismissed upon the payment of costs.

John Tolbert, colored, on complaint of Har-riet Phillips, colored, for disorderly conduct on the 4th day of last August, was discharged apon the payment of costs, as the complaint was withdrawn.

MAGISTRATES OFFICE.—There were no cases of a criminal character at either of the Magistrates' offices this morning.

DIED .- The Marlboro, Md., Gazette says:-'Col. Wm. Coad, a well known citizen of St. Mary's Co., died the 28th of Sept , aged about 65 years. He was frequently elected a member of the State Legislature, and held other responsible positions."

term of the Circuit Court for Prince George's county, Md., commenced on Monday last. The civil docket is large, and thirty-five or forty criminals are to be tried. The term will probably be a long one.

GAME. - Wild ducks-blue wing and summer -Jack snipes, and wild pigeons are now very plentiful-it is said the latter have made their appearance in greater numbers than for many years past.

THE WEATHER. - A delightful morning-temperature, mild and agreeable, and the sun shining brilliantly; but the skies soon clouded, and towards noon there was rain with a cold wind from the northwest.

FISHING PARTY. - The Agents of the Associated Press, in Washington city, on an invitation of a gentleman connected with this office, went on a fishing excursion down the Potomac to-day.

BEHIND TIME. - The steamers Express, Nickle, and Cahill, Maith, due here last night, from Baltimore, did not arrive until this morning in consequence of heavy freights.

REMOVAL OF A NEWSPAPER. -The State Journal, now printed in this city, will, it is stated, be removed to Richmond on the 25th inst., and issued thereafter in that city.

POCKET PICKED. - A gentleman from the upper country, who went sight-seeing last night, had his pocket picked at a dance-house in the western section of the city.

Profiting by past experience, we have thrown into it all the commendable qualities of the most popular Stoves, and have added inventions of our own, rendering it the best combination of philosophy and mechanics now in the market, and making it a perfect stove. By the arrangement the combustion of gasses is perfect, and greater efficiency is obtained to perform what we claim for it, with a great diminution in amount of fuel necessary. It is unequalled in every particular, in beauty, in workmanship, in durability, and as a home necessity is peerless. It is a self-feeder, and not likely to get out of order. WHEAT. 13 0 R MAPRE NITROGENIZED SUPER-PHOS composed of only Bones and Bird Guano, dissolved in sulphuric acid, and fermented with Fish Guano (containing 12 percent of Amouia), all being reduced by fermentation and sulphuric acid to a Fine Powder. Contains no insoluble

mineral Phosphates, but is all available to the This soluble fertilizer shows by analysis the presence of 18 per cent. Soluble Phosphates, 33 per cent. Bone Phosphates, and animal matter yielding 4 per cent. of Ammonia -being identical in composition, solubility, and availability to crops with the best mixture that can be made of one part Peruvian and three parts Flour of Bone, treated with sulphuric acid. The saving to the farmer in the cost of Mapes' Super-Phosphate

over that of the mixture, is S15 per ton.

The Mapes' Super-Phosphate of Lime Comany, being engaged in the manufacture of tish oil, are enabled not only to obtain large supplies of animal Ammoniacal material from the fish at low cost, but also to avail themselves of the economical process of fermentation, by the combination of the fresh animal matter with the Bones and Bird Guano, previously treated with acid in reducing their fertilizer to soluble form, and are thereby able to furnish a quickly-acting Soluble Ammoniated Super-Phosphate at mo ligher rates than charged for ordinary Super-Phosphates containing a large amount of insolu-

ble mineral Guano. In every instance reported, Mapes' Super-Phosphate has produced as early, vigorous growth. and more permanent effects, than Peruvian Guano. Like Barn-Yard Manure, when used on seeded down land, produces after the grain luxuriant crops of grass.
